Trustees Meet with Members of Congress

BASF Trustee Luncheon:
Keeping Miami's Skyline Safe.

The BASF Trustee Luncheon hosted two Members of Congress, along with an aviation and an economic expert as guest speakers discussing the topic of possible height limits being imposed in high-rise buildings by the Federal Aviation Administration (FAA).

Guest Speaker Congresswoman Frederica Wilson (D-FL-24) co-sponsored legislation to ensure that if the FAA were to adopt any such rules, that they would have to be subject to economic impact statements and rigorous public comment.

Guest Speaker Congressman Carlos Curbelo (R-FL-26) will prepare a letter to the FAA, signed by multiple members of Congress,

indicating their concern with the FAA's lack of responsiveness on this issue. He sits on the Congressional Committee that has jurisdiction over the FAA and its annual budget.

Other guest speakers included the Miami Downtown Development Authority who provided economic impact data on any high-rise height limitations, a BASF Aviation Attorney with experience in facilitating developers FAA approvals for tall buildings and the Land Use Planning Chief for Miami International Airport who works with developers and the FAA in planning development within the flight paths of the airport.

BASF Broward Group: Meetings with Elected Officials

This group of dedicated members had their first organizational meeting in February and planned a Broward Elected Officials Series to start the year off strong. With the assistance of co-chairs Michael Denberg (Arnstein and Lehr), Jeff Margolis (Berger Singerman) and Keith Poliakoff's (Arnstein and Lehr), the group's first speaker was Fort Lauderdale Mayor Jack Seiler.

Mayor Seiler discussed how he strongly encourages good development and sends that message to all of his staff. He is

focused on a city with a vibrant 24/7 downtown, where active retired residents and young professionals are returning to live and work in an exciting environment. Upcoming speakers include City of Weston Mayor Daniel Stermer and City of Hollywood Mayor Bober.

FHBA Spring Conference in Tallahassee

On March 16-18, 2015, BASF joined other association members and staff in the annual Builders Week in Tallahassee.

Of import to BASF members were the bills to remove the sunset provision in the current statute relating to condominium bulk buyers, expanding developers' options for wetland mitigation (which are now very limited) and some fast and furious lobbying on a detrimental fire code provision within the Building Code bill. Our thanks to these BASF members who participated in preparing members on these issues and lobbying them as well: Chuck Brecker Esq., (Stearns, Weaver), Matt Davis (Florida East Coast Industries), Howard Nelson, Esq., (Bilzin, Sumberg) and Al Zichella (The Related Group).

Speakers with a purpose at Miami-Dade Legislative Committee.

This committee has welcomed several guest speakers since January to talk with BASF members each month. Among other topics, the Committee heard the latest about sea level rise from Hon. Harvey Ruvlin met newly appointed Water and Sewer Department (WASD) Director Lester Sola and will be getting an update on WASD's Pump Station Improvement Program (PSIP) from the PSIP Team, ably led by Ms. Tere Garcia. She led this same effort when it was first adopted in 1992. Also, the group is scheduled to have substantial meetings regarding members' input on reducing WASD plan approval delays in mid-April. All developer members are urged to attend.

Having Fun & Getting Business DONE

Board of Directors Meetings

Networking cocktail receptions and First Friday breakfast meetings – all going full steam!

January's Board Meeting

This meeting was graciously hosted by BASF Life Director Marianna Perez of City National Bank, to host our first official BASF KICK-OFF Board Meeting on January 29, 2015. It was followed by a cocktail reception at Novecento Restaurant.

February's Board Meeting Saw a Gorgeous Event Hosted by Opustone and BASF's LUXURY COUNCIL.

BASF Members had the opportunity to earn one (1) CEU in learning about quartz and its sustainability as a flooring and surface material. Our member, Luis Vivas of Opustone, conducted the presentation. Opustone hosted a lovely cocktail reception in their showroom following the February 26, 2015 Board of Directors Meeting.

In March, We Kept It On the Down-low with Our Thanks to Chairman's Circle Member Stan Price of the Law Firm of Bilzin Sumberg and Trustee Member Al Zichella of the Related Group.

They hosted the March Board Meeting and drinks afterwards. Earlier that same month, BASF's Trustee Luncheon was a hit out of the park!

Members in the News

At the NAHB International Builders Show held January 20-22, 2015 in Las Vegas, our own **Liliana Korn Custy of KORN INTERIOR DESIGN, INC. was one of the speakers at the show** and Member Adam Rosenblum of The Palace at Coral Gables was a winner for The Best 50+ Direct Mail Piece or Campaign.

BASF Board of Director Member Charles Brecker of Stearns, Weaver, et al., Traveled to Tallahassee at the Request of the FHBA to Testify on HB 791. Among other provisions, HB 791 extends the ability of bulk buyers to purchase units without assuming the liability of a developer. However, the extension is coupled with other reforms which will only discourage bulk buyers from purchasing distressed complexes. Charles Brecker's testimony brought out the weaknesses in the bill's current approach. Rep. Moraitis (R-Ft. Lauderdale) has agreed to work with the FHBA prior to the bill progressing through the process.
